## Where do you come from ?

### A European country

Applications are open to students from partner universities via the Erasmus Traineeship program.

In the case of an internship mobility, the student will have to fill in and sign a Learning Agreement traineeship.

### A country outside of Europe

In accordance with the inter-ministerial circular of 31 August 2012, we only accept non-European foreign students if there is a cooperation between the university of origin and the Claude Bernard Lyon 1 University.

The Faculty will establish an internship agreement (in three copies) for students coming from a partner institution.
